

Vijayawada,
Dec 23, 2022.

To
The Principal,
Alwardas Polytechnic

Sir,

Sub: Letter of acceptance for diploma industry oriented training-reg

This is to inform you that the following students of IIDCME from your esteemed organization are given permission to attend our industry oriented training from 23.12.2022 to 22.06.2023. The students will be learning two softwares, Core Python and Advance Python. The Certificate will be issued upon successful completion of the training.

Topics which are learnt by students are as follows:

- Core Python Programming.
- Idea about real world applications of Python.
- Creating Projects using Python Programming Language.
- Object Oriented Programming Concepts for Python Programming.
- Loops in Python.
- Data types in Python.
- Operators in Python.
- Maths Library in Python.

After completing these topics students will perform a project based on core and advance python concepts and this will be taken into consideration for the issue of certificate for industrial training

Thanking you.
